

Every room has children who can't yet join the play.

We help your team show them *how*.

When the big feelings, the hard transitions and the children on the edge of every game start to stretch your team, you don't have to work it out on your own. AkindaCo's therapists come into your centre through Preschool Boost and work alongside your educators, one practical step at a time.

A quote and provisional dates within two business days. Priced per session, not per person.

YOU KNOW THESE CHILDREN

If any of this sounds familiar, you're in exactly the right place.

A child who watches the play from the edge and never quite gets in.

The same game, the same way, every day, and it falls apart when another child joins.

Big feelings at drop-off, pack-up and every transition in between.

Behaviour that doesn't respond to anything in your usual toolkit.

A team that cares deeply and is running out of ideas.

None of this means your team is doing it wrong. It means some children need a different kind of support. **And so do the adults around them.**

ON THE PRESCHOOL BOOST MENU

Three ways we can work with your centre

We have three standalone programs, or you are welcome to combine them.

For children

Learn to Play

A therapist-led pretend play group in your room, based on Dr Karen Stagnitti's Learn to Play approach. It builds the play skills that sit under language, friendships and school readiness.

Who

8 to 10 children and two of your educators

What

A weekly two-hour visit, in your room, with your educators in the group

How long

17 program weeks plus a set-up visit

Price

\$570 + GST per visit in 2026, \$591 in 2027

For educators

ATCD Training

Attachment, Trauma and Child Development training for your team. Six practical units on reading children's behaviour, creating safety, co-regulation, everyday therapeutic practice and working with families.

Who

Your whole team. Any number of educators for the one price

What

Six 3-hour units, online or in your centre. Book the full series or single units

How long

Usually one unit a fortnight across a term

Price

\$855 + GST per unit in 2026, \$887 in 2027

For groups

Allied Health Supports

Our therapists work in your centre with groups of children and the educators around them: observing, running small groups, modelling strategies and coaching your team, planned around a goal you set.

Who

Groups of children and educators

What

Visits shaped to your centre's goals

How long

As many hours as your allocation allows

Price

\$194 + GST per hour in 2026, \$201 in 2027

The six ATCD Training units: foundations of attachment and development, understanding trauma in the early years, creating safe and predictable environments, co-regulation and emotional literacy, embedding therapeutic practice into daily routines, and engaging families through an attachment lens.

A CLEAR PATH FORWARD

Booking takes three steps.

1

Send a booking request

The form takes about five minutes. Tell us which program, roughly when, and what you would love to change

2

We quote and hold your dates

You get a quote within two business days, and we pencil in a day and time that works for your centre. You can hold

3

Confirm and we begin

Confirm by email once your Preschool Boost plan is approved and we invoice you. Then we meet your team and get started.

for your children and your team.

dates before your plan is approved.

Would you rather talk first? [Book a free 30-minute planning call.](#)

CLEAR AND FAIR

What it costs, without the fine print

Every price is **per session for your whole team**, not per educator and not per child. A training unit costs the same whether four educators come or twenty-four.

The rate is set by **the year your program starts**. All prices are plus GST.

ITEM	2026	2027
Learn to Play, per weekly visit	\$570	\$591
Learn to Play, full program (18 visits)	\$10,260	\$10,638
ATCD Training, per unit	\$855	\$887
ATCD Training, full series (6 units)	\$5,130	\$5,322
Group supervision after a unit (90 minutes, optional)	\$427.50	\$443
Allied Health Supports, per hour	\$194	\$201

The facts at a glance

FUNDING

Preschool Boost. All three programs are on-menu items

HOW WE BILL

Per session. We invoice you once you confirm in writing

TRAVEL

Included within 10 km of North Adelaide or Salisbury (beyond that, by time at \$285 per hour, \$295 in 2027)

QUOTES

Within two business days, price held for 30 days

IF A SESSION IS CANCELLED

If we cancel, we make it up at **no charge** (centre cancellations under two business days are charged)

SMALLER ALLOCATION

Book the first 9 Learn to Play visits this year and finish the program in your next plan

WORKING TOGETHER

What we'll ask of your centre

A few honest asks, so you know exactly what you're saying yes to.

The same two educators

Help choosing the children

Time for your team

For Learn to Play, two educators join every week and stay in the group for the full two hours. They are learning the program alongside our therapist, so they can keep it going.

Your team knows which children are stuck in their play. You suggest the group, and we confirm it together at the set-up visit.

For ATCD Training, educators are released for the three hours of each unit, in a room with a screen.

✓ **A space to work**

A play space for the group, and somewhere quiet for the conversations with educators before and after.

✓ **A day and time that suits you**

We arrange the day and time with you at booking, and keep it the same each week so children and educators know what to expect.

✓ **Notice if plans change**

Centres are busy and things come up. Let us know as early as you can if a session cannot go ahead.

GOOD QUESTIONS

The things educators and directors ask us first

Is the price per educator?

Is the 17 weeks for all three programs?

Can ATCD Training run after hours or online?

Can we hold dates before our plan is approved?

What happens in a Learn to Play visit?

Which children is Learn to Play for?

What if a session is cancelled?

What do we get at the end?

Can Allied Health Supports be used for one child?

AkindaCo

Therapy, community and education. Based
at Salisbury and North Adelaide.
